

Team #44: Nicholas Wong Team

'CRASH' versus Strong Club or Polish Club System

Over opponent's 1C, we use the following scheme in the direct seat:

- Double = 2 suits of the same colour
- 1D = 2 suits of the same rank, either both majors or both minors
- 1H = 5+ H's
- 1S = 5+ S's
- 1NT = 2 suits of the same shape (either S's and D's or H's and C's)

Over opponent's 1C – P – 1D, we use the following scheme:

- Double = 2 suits of the same colour
- 1H = 5+ H's
- 1S = 5+ S's
- 1NT = 2 suits of the same rank, either both majors or both minors
- 2C = 2 suits of the same shape (either S's and D's or H's and C's)

The strength of the bidder will depend on the vulnerability. Minimum is 6 HCP's concentrated in the two suits. The 2 suits may be 4 – 4 or better.
